OPERATIONS & FUTURE OUTLOOK

Due to changes in regime the industry outlook for listed NBFCs seems very challenging, the upcoming Insider trading regulation is of immense transparent & disclosure based. The effect of change in companies' law has in a way made a complete change in law & working of the companies in the whole economy. The companies are now working for the stakeholder benefits, as they now believe to strive at a certain place, we need to make it better place to survive. The regulatory framework has also undergone change. The revised RBI regulations for NBFCs have been formed with the purpose of strengthening the financial system and to bring the norms in line

with those of banks. According to RBI one of the main reasons for tighter regulation is to reduce the systematic risk they pose to the financial system since they borrow heavily from banks. Prima facie it may appear that these reforms will affect the productivity of the NBFCs; however, with time they are more likely to improve NBFCs capacity to endure asset quality shocks and also deal with systemic risks. Moreover, increase in disclosure requirements and corporate governance norms will have a three-fold effect. It will enhance transparency and increase the responsibility of the management and further supplement investor awareness. In all, the current year has caused distress to the industry but the change in the business environment may cause NBFCs to de-stress and record better growth numbers

ANNEXURE B TO THE AUDITORS' REPORT**Report on the Internal Financial Controls under Clause (i) of sub-section 3 of section 143 of Companies Act, 2013 ('the Act')**

We have audited the internal financial controls over financial reporting of **M/s RADICO KHAITAN FINANCE LTD** ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material aspects, an adequate financial control system over financial reporting and such internal control over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE A TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of section 143 of Companies Act, 2013 ('the Act')

In our conjunction with our audit of the consolidated Financial Statements of the Company as of and for the year ended on March, 31 2018, we have audited the internal financial controls over financial reporting of RADICO KHAITAN FINANCE LIMITED ("the Parent Company") and its Associates company namely Narah Overseas Limited and KK Traders and Commercial Limited

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the parent Company and its associates are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the parent company and its associates have, in all material aspects, an adequate financial control system over financial reporting and such internal control over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

31 Principles of Consolidation

The Consolidated Financial Statements relate to Financial Statements of Radico Khaitan Finance Limited ('the Company') and its Subsidiary Companies and Associates ('the Group').

The consolidated financial statements have been prepared on the following basis:

A) Subsidiaries

- (i) The subsidiaries have been consolidated by applying Accounting Standard 21 "Consolidated Financial Statements".
- (ii) Subsidiaries are consolidated from the date on which effective control is transferred to the Group and are no longer consolidated from the date of disposal.
- (iii) The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses.
- (iv) The excess of the cost of acquisition over the Company's portion of equity and reserves of the subsidiary company at each time an investment is made in a subsidiary is recognised in the financial statements as goodwill. Further, any excess of equity and reserves over cost of acquisition is accounted for as capital reserve.
- (v) Minority Interest in the Net Assets of consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the dates on which investments are made by the company in the subsidiary companies and further movements in their share in the equity, subsequent to the dates of investments.

B) Associates

- I) Investment in Associates (entity over which the group exercises significant influence, which is neither a subsidiary nor a joint venture) are accounted for using the equity method in accordance with Accounting Standard 23 "Accounting for Investments in Associates in Consolidated Financial Statements", whereby the investment is initially recorded at cost, identifying any goodwill/capital reserve arising at the time of acquisition. The carrying amount of the investment is adjusted thereafter for the post acquisition change in the investor's share of net assets of the investee.
- II) The Consolidated Financial Statements have been prepared using financial statements drawn up to same reporting dates to the extent practicable and where financial statements used are drawn up to different reporting dates adjustments are made for any significant transactions for events occurring between those dates and the date of this financial statement.
- III) All subsidiaries and associates have been considered in preparation of Consolidated Balance sheet, Consolidated Statement of Profit & Loss and Consolidated Cash flow statement.

- 32 There is a diminution in the value of long term investment of Rs.8,82,780/- as at 31.03.2018 resulting in overstating of investment and understating of loss for the year by the same amount. The management is of the opinion that the said diminution is due to depressed secondary market conditions and as such is of temporary nature. As soon as the secondary market revives, the market rate will come to a normal level.

33 The management has not employed a whole Time Company Secretary due to its limp financial position.
